

## Côtes du Rhône Red

**LOCATION:** This wine comes from a selection of vineyards from across the southern Rhône Valley, extending from Montélimar to Nîmes.

**VINEYARDS AND TERROIR:** The Grenache and Syrah are planted in clay-limestone plains and cultivated to achieve yields of around 50 hl/ha

**GRAPE VARIETIES:** Grenache noir (60 %) Syrah (40 %)

**PRODUCTION:**

The grapes are entirely de-stemmed and placed in temperature-controlled vats to macerate for around 15 days with only pumping-over operations, after a cold pre-fermentation maceration. The wine is aged in vats until it is bottled 1 year later.

**TASTING NOTES:**

A lovely expression of blackcurrants and crushed raspberries on the nose, fresh and fruity on the palate.

**SERVING AND FOOD PAIRINGS:**

16°C, slightly cooler than for the cru wines.  
Enjoy with a variety of dishes and grilled meats.
